

THE REMEDY. Reliable Physicians Discuss the Remedies for Infantile Convulsions and How it May Be Stopped.

Additional Power Should Be Given the State Board to Regulate Medicine.

And All Physicians of Questionable Character Should Be Shut Out of the Profession.

But the Real Remedy is Agreed to Lie in a Higher Moral Education of the Young.

Dr. W. M. Egan, Charles Gilman Smith, Truman W. Miller, John B. Owens, and Others on the Subject.

Dr. Julia Holmes Smith and Sarah Hockett Stevenson Express Their Views on Remedial Measures.

In the discussion of the remedy for the infantile evil exposed by this States increased with expression of opinion and nearly all the reputable physicians are coming to the conclusion that the best remedy is a higher moral education of the young.

Dr. W. M. Egan. In response to the matter Dr. Ralph N. Johnson of North street said yesterday: "I think the state board has the requisite authority now to regulate and control the practice of medicine."

Dr. Truman W. Miller. Dr. Truman W. Miller said: "I think Dr. Bellifield's plan a very good one, but I think it should be intrusted with the fullest power not only to supervise and regulate this matter but all matters pertaining to the medical profession."

Dr. Charles Gilman Smith. Dr. Charles Gilman Smith said: "I think Dr. Bellifield's plan a very good one, but I think it should be intrusted with the fullest power not only to supervise and regulate this matter but all matters pertaining to the medical profession."

Dr. Sarah Hockett Stevenson. Dr. Sarah Hockett Stevenson said: "I think Dr. Bellifield's plan a very good one, but I think it should be intrusted with the fullest power not only to supervise and regulate this matter but all matters pertaining to the medical profession."

Dr. Julia Holmes Smith. Dr. Julia Holmes Smith said: "I think Dr. Bellifield's plan a very good one, but I think it should be intrusted with the fullest power not only to supervise and regulate this matter but all matters pertaining to the medical profession."

society as well as the consequences—frivolous and avoidable—of a transgression of natural laws, and you will bring about a more moral condition of the people, and morally. There will be a small demand for abortions and lying-in hospitals. But if the remedy is not applied, the evil will grow to such an extent that it will be impossible to stop it.

Dr. Charles Gilman Smith. Dr. Charles Gilman Smith said: "I think Dr. Bellifield's plan a very good one, but I think it should be intrusted with the fullest power not only to supervise and regulate this matter but all matters pertaining to the medical profession."

Dr. Truman W. Miller. Dr. Truman W. Miller said: "I think Dr. Bellifield's plan a very good one, but I think it should be intrusted with the fullest power not only to supervise and regulate this matter but all matters pertaining to the medical profession."
